President's Message

November 30, 2018

Hello Everyone:

It's the time of year when we reflect on all that we have done this year, the events, activities and all the great times we have had together. It's been a good year with lots of good times and a few sad times but most of all we should be thankful for all the fellowship we have shared together.

Our next event is the annual Holiday Party at Royal Orleans. Chris Woods and Judy Dooley have been very busy planning for a great party and we look forward to seeing everyone on December 8th. The party starts at 6:00 PM followed by dinner at 7:00 PM. Remember we have a **cash bar**, no credit cards.

Our planning meeting is scheduled for Sunday January 13, 2019 at Grand Slam and we will have a buffet starting at 1:30 PM. This is when we plan lots of our events for the year, Rick will review a lot of what we have done in 2018 and we will get our calendar started for 2019. Bring a calendar and all your best ideas.

Mike and I along with Sherri, Anne, Pat and Tom want to thank all our members for your support this year. It's what makes our club special.

Season's greetings to all and see you on the 8th.

Ray and Mike

Birthdays and Anniversaries

BIRTHDAYS

Tom & Sherri Marlo	Dec 31
--------------------	--------

Meeting Minutes

The November Meeting Minutes will be published in the January Newsletter. They will be offered for approval by vote at the next business meeting, the January Planning Meeting.

Committee Reports & Sponsor Reports

NCM Ambassadors Report

Did you ever wonder what the National Corvette Museum is all about? Here is their mission statement.

The mission of the National Corvette Museum is the celebration of the Corvette's invention and the preservation of the legendary automobile's past, present and future. The Museum will serve as an educational and research model for all to enjoy.

The Museum is to:

- Promote the restoration, preservation and conservation of America's Sports Car.
- Be a repository of and preserve printed technical materials and historical information on the Corvette automobile.
- Enhance the knowledge of the general public regarding the design, development, construction and history of the Corvette automobile.
- Provide information to the general public, collectors and automobile historians about the Corvette automobile.
- Provide a facility to house and display the Corvette automobile for public exhibition and research in the areas of the automotive sciences and automobile mechanics.
- Provide historical literature and memorabilia on the Corvette automobile from its development to the present day for the general public and collectors.

Special Announcements

Corvette Memorabilia to Benefit Charity

Submitted by Gary Tidwell

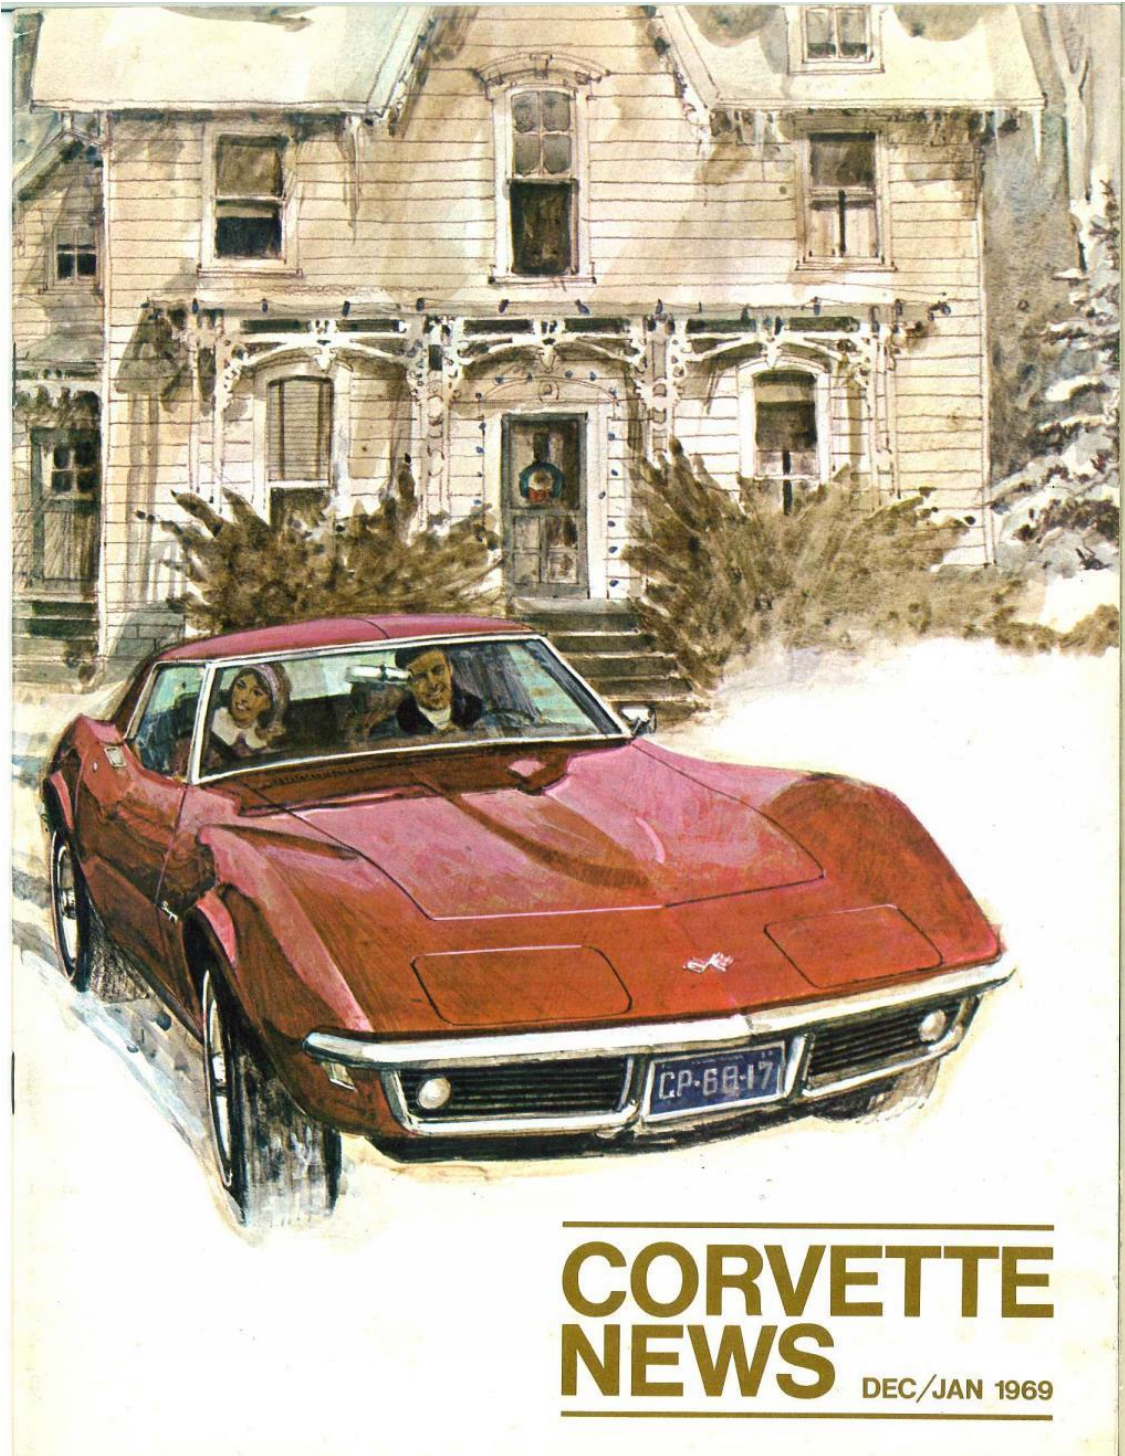

This is a silver finish framed 36" wide x 24" tall picture of the "Technical Data" from all the Corvette's from 1953 – 1990 with a C4 ZR-1 featured front and center which some say is The Forgotten Super Car / King of the Hill. This particular framed piece is very interesting because the data includes all the engine information, car dimensions, weight, production numbers, serial numbers and base price of each car. Base price Corvette didn't hit the \$20k mark until 1982. It would look great in any "Man Cave", garage or bedroom?? (maybe not a bedroom)

Raffle tickets \$1.00 each.

A Blast from the Past!

As Paul Craig recently looked through his archives, he came across this issue of Corvette News. He graciously shared the the cover and back of the magazine so that we could all enjoy. It is very appropriate today as I am looking at a lot of unforecasted snow falling... Editor
