

President's Message

As you all know, we recently lost a member of the Corvette family, namely Ken Dahman. Personally, I have known Ken since we lived in the same dorm at MIZZOU and I have known his wife, Sue, since grade school. After graduating from college, I lost track of the two of them until the day they visited one of our club meetings and became members. What a joy it was to have the both of them back in my life. Ken was a hoot. He had a laugh that started with a snort and then turned into a full belly laugh. The “snort” was well imitated at his memorial service, but it will never be duplicated. Speaking of the service, Sue had made a request to me that the club provide 5 to 6 Corvettes for display, since the club was important to the two of them. In true club fashion, we provided almost 3 times that amount. Our club is really a family, and we show support for every member who is having a bad time due to health, death, whatever. That is what a family does, and I am proud to be a member of such a family. By the way, Sue told me after the service that she is going to learn to drive the Corvette and remain an active member of the club, when she is not wintering in Florida. THAT IS GREAT NEWS!

Don Pickles, President

P.S. Thank you Ray and Pam Queen for the wonderful retiree’s lunch at the Hawthorne Inn in Labadie, MO. Also, be sure to support the car show/fund raiser sponsored by Rich and Theresa Luebcke which is being

held on May 4th at Chaumette Vineyards & Winery in Ste. Genevieve, MO.

- June 22nd- Pam Queen is sponsoring the ALS Walk. You can go on line to register under Team Sandy, in honor of Sandy Kirby.

New Business: Ron Hagenow made a motion to make Sue Dahman a lifetime member of the club. It was mentioned by Don Pickles that they were associate members, which according to the by-laws, this is only given to regular members. Ray Queen made the comment that they volunteered to give up their regular membership for an associate one so the club could bring in more members. After others agreed with Ron's suggestion, Don asked for a motion to accept. Ron Hagenow made a motion to accept and Ray Queen second the motion. The club voted unanimously in favor!

Don also mentioned there are engraved mugs left over from Christmas that are available for purchase at \$10 each.

NCM Ambassadors Report

We have just returned from the NCM Michelin Bash. How exciting! We were within 20 feet of a C8! Well, it was moving slowly. Be sure to review the video in the Past Events section of the newsletter.

For all you NCM Raffle fans, we now have a process that everyone can use to get their raffle tickets. As you know, we have been able to sell the \$10 unlimited ticket raffles in the past. The new process for that has been explained to us. Please

come to the next meeting for all the information. In the meantime, there is one very special raffle that is the first to use the new normal process for high value tickets (\$100 or more). The museum has been conveyed the rights to the VIN #25 C8 production car. The drawing is Saturday, August 31, 2019. Tickets are \$25 and unlimited.

In order to participate, you must go to the NCM website [here](#), download a ticket request form, complete the form which includes payment information (credit card), and mail it (yes, snail mail) to the NCM. You can request your ticket number by return email. It is simple, just low tech.

Below is a photo of Peggy Craig receiving her 15-year NCM membership anniversary pin and certificate at our last meeting. Peggy joined the National Corvette Museum in 2004 and became a lifetime member a few years later. She tries to go to the Museum when she can.

WHAT is PRISMS??

PRISMS is the acronym for Parents and Researchers interested in Smith-Magenis Syndrome (SMS)

Summary:

Smith-Magenis syndrome (SMS) is a complex developmental disorder affecting multiple organ systems of the body. The disorder is characterized by a pattern of abnormalities present at birth (congenital) as well as behavioral and cognitive problems.

Common symptoms include distinctive facial features, skeletal malformations, varying degrees of intellectual disability, speech and motor delays, sleep disturbances, and self-injurious or attention-seeking behaviors. The specific symptoms present in each case can vary dramatically from one individual to another.

Approximately 90% of cases are caused when a portion of a chromosome is missing or deleted (monosomic). This deleted portion within chromosome 17p11.2 includes the RAI1 gene, which is believed to play a major role in the development of the disorder. Other genes within the deleted segment may also play a role in variable features in the syndrome, but it is not fully understood how significant a role they play in the development of SMS. In the remaining cases, there is no deleted material on chromosome 17; these cases are caused by mutations in the RAI1 gene.

St. Jude Hospital Corvette Drive

On behalf of the Given's, Howard's and Mattler's we would like to thank the members that have so generously donated to the St. Jude Drive. For the Given's and Howard's, it's our second year to participate in this awesome event. We are excited to welcome Bill and Gail Mattler on the run.

This event truly tugs at your heartstrings. Your donations are going to children and families that are so grateful for your help. St. Jude is an amazing research hospital. Once they discover new ways to treat cancer, they share this information with other hospitals at no charge!

ONCE YOU WALK THE HALLS OF ST. JUDE, I PROMISE YOU COME HOME AND HUG YOUR CHILDREN, GRANDCHILDREN, NIECES AND NEPHEWS JUST A LITTLE TIGHTER.

It's not too late if you want to join in the drive! They currently have 75 corvettes registered! This even started in 2012 and with the run this year, they are hoping to bring the total donations to \$1,000,000!

ST. JUDE CORVETTE DRIVE

Steps to donate for the Given's, Howard's and Mattler's:

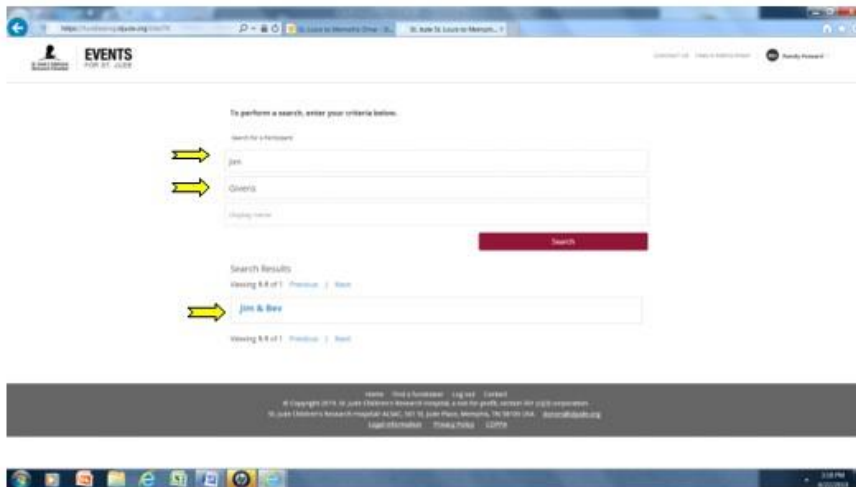

Step 1 - Enter this web address in your browser - <https://stjudedrives.org/drivers/st-louis/>

Step 2 - Once you have the site up click on the gray box that says - Search for a Driver and Donate.

Step 3 - A screen will come up and will ask you to Search for Participant

You can enter Jim Givens and their link will pop up for you to click on. Same for Randy Howard and Bill Mattler. (see yellow arrows below). Once you click on their page their home donation page will show up with a button to click to donate.

Starry sky above Double Arch in Arches National Park, Utah
Millions of years of erosion have carved sandstone into a natural wonderland in eastern Utah. Here in Arches National Park, an arch is considered an opening in a rock measuring at least 3 feet. This park contains more than 2,000 formations that qualify, and Double Arch is on the list of 'must-sees.' Set close together and sharing a common end, the huge free-standing arch impresses at any angle, but is likely best viewed from below, as in our image. The park is open 24-hours a day, and far removed from any urban light pollution, so spectacular shots of arches framing a star-filled sky are waiting for your camera.

The St. Louis Corvette Club Historical Society Column

By Ron Hagenow

History Committee: Ron Hagenow, Marty Dooley, and Mike Kirby

What Happened This Month of May in Previous Years

In May 2006, Rick Frierdich was our club president. The club was sponsored by Route 66 Chevrolet in Pacific. On May 6 of that year we had a car show there. What happened after the car show was one of the best things our club was ever involved with. After the show about 17 cars drove over to Indianapolis, IN and got to participate

the next day in the opening day ceremonies for the Indy 500! As best I can remember Chevrolet wanted 90 Corvettes for the opening day ceremonies for the 90th running of the Indy 500. They contacted the National Corvette Museum asking for 90 Vettes. I believe our good friends and associate members Jim and Sharon Love were contacted by the museum asking if their club could provide 90 cars. Seeing that they couldn't come up with the numbers needed, they contacted Carl and Sharon Ballinger asking if we would like to join them. So that's how we got to participate. We all got lined up on the track and did a parade lap 3 abreast just like the Indy cars do. But it was at parade speed (about 30 mph – darn!). After the lap we all parked our cars on the infield and were treated to lunch by Chevrolet. Leading us on the parade lap were Carl and Sharon Ballinger, Jim and Sharon Love and Jerry and Armynta Craig.

In May 2010, Randy Howard was our president. That month Bill (aka Corvette Bill from Elco) attended the meeting and spoke about servicing our cars and his willingness to help us in any way needed. We also had a Happy Hour at Jilly's that month sponsored by Mike and Karen Price.

In May 2016, Mike Price was our president. The Doerrs sponsored a dinner at Vila Antonio Winery (and it probably rained!). We were preparing for our annual Night at the Races for July. Bob and Patti Kusky were preparing for one of their world-famous trips, this time to Pontiac, IL to travel old Route 66 and see the murals on all the buildings downtown. Also, that month the club got a bench at the NCM purchased by the Ballingers, Craigs and Dooleys. The Ballingers and Loves also purchased a bench as well. And it must have been cold that month because at our monthly Fritz's ice cream, only Marty Dooley and Dana Griggs showed up!

Pictures for the Month of May

In May 2010, we had a lunch at Buffalo Wild Wings. In memory of Ken Dahman, here is a picture of him holding court along with Larry and Elise Akins and Bev DuPont.

Here is a picture of Peggy Craig doing what she does best (racing!) at an autocross at Mid America in May 2008.

Finally, in May 2011 we visited Bob's Gasoline Alley. Here is a group picture. We had a great time as always.

Bonus Historical Article

By Ron Hagenow

As you know, the club participates in the annual Veterans Day Parade in downtown St. Louis. Rick Frierdich was instrumental in getting us into the parade as well as having us drive the Gold Star Mothers. We have done the parade since 2005. What you may not know is one of our members had an “intimate” relationship with a former Hollywood star. Our own Bob Woods was chosen to drive the Grand Marshall that year. And the Grand Marshall was none other than Connie Stevens, of TV and movie fame! Check out the enclosed pictures. She looked pretty good for being 67. If you see Bob’s car, you will notice her signature

on the glove box. We understand that Bob was sworn to not “kiss and tell”. Well done Bob, you lucky guy!!

Raffles and Auctions for The Car Show Committee

Also known as Gary's Goodies

See Gary or Debbie Tidwell, or Gary or Jan Murray for tickets and bidding procedures.

With Spring finally here, what could better than getting the Corvette out and go on a picnic. This is a beautiful gold framed picture of a

Blue '66 and a suggestion of what we should and could be doing these nice spring days. Take this picture home with you and hang it somewhere that it will remind you to "Fire Up That Engine" and enjoy what you have.

Also, at the May meeting the Car Show Committee has something very special to unveil. We will have a Dana Forrester print to auction. It's a Red '60 Convertible signed and numbered print (number 33 out of 700) which is professionally framed. This will be a silent auction item for the month of May with the winner presentation at the June meeting IF the reserve is met. The bidding will start at \$90.00 and will have a reserve that must be met before we consider it sold. We will explain the details of how the silent auction will work at the May meeting.

Here is what Dana Forrester said about it:

Gary, that is a very early print of the first Corvette print ("Two Vettes and a Coke") that I created in 1990. It sold out all 700 copies in about a year and a half, which makes it no longer available. If I found one of the prints, I would frame it and sell it for the standard price of \$220, but since it has sold out, I would sell it for \$300. The mat on it now looks professional but can't see the framing.
